

Chateau Margene - FALL 2024

THE ESTATE VINEYARD

Our vineyard is the best example of why the Creston AVA is an ideal place for growing the Bordeaux varietals. With input from our vineyard and winery consultants, it is the spot where we decided to establish our program when many others were adamant about having to be on the “west side” in order to have a quality program. As we have found since the initial 2001 vintage from our estate, viticulture practices (deficit irrigation, extreme canopy management, organic and sustainable practices, catch wires and leaf removal, cluster dropping, etc) make a dramatic difference in quality, irregardless of what side of the river you’re on. Our’s is a small 9 acre parcel, originally planted in 1998, sitting at an elevation of 1,230’ in the heart of the Creston District. The resulting wines are opulent - exhibiting structure, complexity and balance. Both SOMM Journal and The Tasting Panel Magazine have recognized the 2019 & 2020 vintages from the estate vineyard with 10 wines rated between 94 – 99 points

2022 CASK 4 and CASK 7

Our CASK Series wines, along with the Beau Melange, are our Flagship wines. We started the Beau Melange program with the 2002 vintage that released in 2005 and the CASK Series began in 2012. These wines represent the very best of our estate vineyard and are made in one to two barrel lots (24-48 cases). CASK 4 is our left-bank inspired wine with Cabernet Sauvignon, Cabernet Franc. The CASK 7 is a right-bank inspired wine with Merlot & Malbec. Both wines were aged in 100% new French Oak casks (Seguin Moreau iCone Elegance) for 30 months. Bottled in February, the release date is set for November 16, 2024 These wines are not part of an automatic wine club and can be purchased at the estate winery or by email to info@chateaumargene.com.
